Web Development [specialize in React , Python , MySql and Wordpress] , Web design [CANVA] , Customer Service , Communication skills , Teamwork , Good Listener , Computer Literacy , Flexibility , Time Management

About Me

I'm a young lady filled with ammunition and excitement towards life and my career . I love singing and reading and listening to music . I am a very positive soul and I love making people around me smile . I'm goal driven and a team player even though I prefer working on my own (especially in web development) . My ultimate goal is to become a web designer or UI developer .
